**Subject:** Duke Enegrgy Rates

Deny the request for Duke to raise their rates!!!!!! Currently why should Duke be rewarded with a rate increase that will only make it harder on those unemployed and those hardly hanging on as it is? Duke is a monopoly and since they don't have competition and they should have to suffer the consequences of the current economy with the rest of us and not get a rate increase that is further going to hurt those who are already struggling to keep the power on and a roof over their heads!!!!!! Duke can deal with not getting the increase, we can't deal with more of our neighbors suffering hardships that profit Duke and further hurt the people of this state!!!!
